An Update on RAVE-FM: WKDU 91.7

by D.J. DIOR

Raved all weekend and still haven't rested-ahred your techno hangover? Tune in to RAVE-FM every Monday from noon to three on WKDU 91.7 FM for a weekday dose of hardcore techno and pulsating beat sounds. DJs Wuk & Dior take over the airwaves of Drexel's student run radio station to bring you the latest underground sounds. A techno treat for your ears, RAVE FM often features guest DJs (the ever present Oddyssey, Nigel Richards and others) plus mixed tapes provided by various local DJs, live local techno artists including Drexel's own TECH NEIN.

All WKDU DJs are students at Drexel who enjoy the art of the mix and the mastery of their class schedules. RAVE FM began on Thursdays in the afternoon moved to Wednesdays, Tuesdays, and is stopping briefly on Monday's. Call WKDU and add your name to the mailing list to receive a WKDU quarterly schedule or read about schedule changes right here.

A regular feature on WKDU is "Philly Happenings" a listing of concerts and parties in the Philadelphia area to which Wuk and Dior add the up-coming Raves in Philly, DC, New York, Baltimore, Boston, and every where in between. Listen for ticket giveaways. Info on trips, and raves, hot line numbers, or call 895-5917 if you are out of the listening area. (A note about WKDU — the station broadcasts in stereo with 110 watts, soon to be boosted to 600 watts. If you can't hear it now, be patient, more juice is on the way.)

For those who don't get out of bed until after three o'clock, check out the Twilight Zone, hosted by Jess ca Rebolt and Cathy Gemat every Monday from midnight until three. The acclaimed home of live bands (Dive), the Twilight Zone is the late night home of WKDU's Rave and House scene. Jess ca mixes techno, house and rap one week while Cathy hits the hard techno on the following week. Missed the concert last night? Rave info? Find it here. Rave on!

SHOUTS & buzz

Introducing S L U R P ! Productions. As some of you sharp eyed readers noticed in the last issue, we have a new line for RAVE-OLA rave coming up in the spring by SLURP! Productions. SLURP! is a group formed by Philadelphia based Revers including Dead by Dawn's Applejack and Dodier.

What SLURP! will be doing, besides rave productions, is promotion for out-of-state raves. Clothing and Design work.

Look for SLURP!'s logo to start appearing on flyers and T shirts in philly and beyond.

Shout Target! MONDAZE! Listen to RAVE-FM with DJ's DIOR and occasionally WINK every 12pm-3pm and Listen to Jessica Rebolt and Cathy Gemel 12am-3am.

Thanks to all you who showed up to Headstrong People's COLOUR BOX Rave at OZ on Friday March 15th. DJ Mace is very thankful and to answer some of your questions, NO Applejack and Dodier are NOT part of Headstrong People.

A lot in the future. Do you love a certain D.J.? Does God will make you wild? Does Mr. Fuy send you into a tizzy? Watch when three unrelated starts to market 90 minute mixed tapes from your favorite DJ's. We're still feeling out the field but stay tuned!

Urgent message to Philly's hardcore underground ravers. The $1.99 rave remains some. Look out for invites. It's low-down hardcore underground only for the elitest ravers.

Congrats to Dexter on his new sneaks and new job. Best of luck to you.

BUS TRIPS

Dead by Dawn has run several sucessful bus trips by now (more by the time you read this). Much thanks to those of you who came out for these trips to support the scene (and their rave addictions!).

If you're stuck in Philly with nothing to do... we encourage you to check out the hype up and down the east coast. And if you're going traveling with a busful of newly revers here's a driving clause anyone? We'd like to do at least two bus trips a month to events all over as cheaply for you as possible.

If you're interested...call (215) 602 2229 for information on the trips we're doing. But if you want to be on a bus please let us know at *least* one week in advance. See you there!

You guys fuckn suck, man. Where's your free rave you fuckin bullshit motherfuckers? I should take you guys out! You guys are a bunch of shit! Man you're the devil! Man, you really suck! I think you're anti-rave, you're a bunch of commie faggot motherfuckers aren't you? Fuckin' Ijatick wearin' little fuckin

opinion

motherfucker." Yeah. It's cause of me that all your raves are fuckin' blown. 'cause I fuckin pulled the fire alarm. Tell that cause I think you guys suck. I think you guys suck too much nigger dick!"
[Hangs up]

This is the message Applejack and I received on our rave line after the first mailing of the newsletter you now hold. This is not the first message they have left on our line, nor do I believe it will be their last. They have such a thing

—you're a bunch of commie faggot motherfuckers, aren't you?"

[I think this is what he said

out for Dead by Dawn they have gone so far as to call OTHER rave promoters as far south as Atlanta, to bad mouth us on their rave lines.

No one needs or wants these negative vibes in the rave scene. Especially us. The rave scene was built on the ideas of racial unity and a loving vibe. I don't know about you, but I don't want guys like that to be a part of that same rave scene.

As it turns out, Applejack and I happen to know who the culprits are *and* we know their name, address and phone number. As a reminder to you all, if you are going to make life threats to people you don't know, make sure they don't know where you live. Peace! Under
